

# CERTIFIED RECRUITER

---

European Recruitment Academy

# Investment pays! Recruitment is a profession

- ★ Choosing the right people means investing in recruitment. Recruiting means investing, investing in your network, investing in your website and investing in people, your people.
  - ★ The European Recruitment Academy offers you an education for your recruiters and labour market specialists, we will not only teach the right skills but also give them the toolings and insights on how a recruitment process can be optimised. The academy is for agencies and corporates. So it also provides an excellent opportunity to widen their network and get more direct contact with clients and suppliers.
-

# WHY?

- ★ The European Recruitment Academy is here to offer you a sustainable contribution to the success of your company.
  - ★ Recruitment is a true profession. That is the starting point of our Academy.
  - ★ All our students become Certified European Recruiters after graduation.
  - ★ Everyone will benefit, your company, your clients and the candidates.
-

# Expectations

- ★ We offer your (potential) recruiter a top performing education, in which you as a company take direct profit.
  - ★ We teach the recruiters to work more effective and efficient and to find the right people for your company or clients.
  - ★ You and your recruiter will benefit after every class, it will generate result directly.
-

# Direct efficiency

- ★ After every course, the recruiter will be better at their job
  - ★ You as a company will have more profit, a better network, social media and technology knowledge
  - ★ Innovations are integrated into the academy
  - ★ Everyone who is able to participate has had a pre-assessment so the level of all students is equal
  - ★ They will build a strong network and make their own distinctive portfolio
-

# HOW

- ★ Naturally, the recruiter will achieve a better result through the effort and use of the gained knowledge.
  - ★ Become more efficient through the use of the right tools
  - ★ Better understanding of time management
  - ★ Professional preparation towards clients and stakeholders
  - ★ And saving time and money by better use of the right channels, clever working and good negotiations
-
